16th Street Reconstruction
Public Information Meeting
March 11th, 2021 – 6:00 PM

<https://us02web.zoom.us/j/87908559234?pwd=NGxXMGhVbFUycUlyazlvZVY5VUcvQT09>

Meeting Agenda

1. Need and Purpose of Project
 - a. PASER Rating
 - i. Roads rated 1-10 based off level of deterioration
 - ii. Current PASER rating
 - b. Project Scope – Full Reconstruction
 - c. Project Cost and Funding
 - i. Lowest Bid Amount: \$1,407,723.50
 - ii. Contract to be awarded March 15
 - iii. CCMG Award Funds will cover approximately \$550,000
2. Contacts
 - a. City webpage for Notices
 - b. "Like" City of Goshen Facebook Page for Updates
 - c. City Inspector – Andrew Lund
 - i. Email – andrewlund@goshencity.com
 - ii. Phone – 574.533.8622
 - d. Contractor will likely hand-deliver letter with contact information prior to project start
3. Emergency situations
 - a. If an emergency situation occurs, such as a gas line being hit during construction, the contractor will contact the appropriate utility and, if deemed necessary, go door-to-door to notify residents
 - b. For situations outside typical construction work hours (such as inability to access property due to muddy conditions), contractor emergency contact information will be provided on the project board located on site
4. Schedule
 - a. NTP expected to be issued early- to mid-April
 - b. Construction expected to be complete by early October
5. Access
 - a. Road will be open to local traffic only with access off of College, Illinois, Jackson and Plymouth
 - b. Road approaches along the east side of the corridor will be closed

- c. Reconstruction of drive approaches require 3-4 days of curing, alternative parking will be coordinated
- 6. Services
 - a. Trash – Should be unaffected. If necessary, the contractor will collect.
 - b. Mail – Mail service will likely be able to be maintained as usual. If necessary, a central location for a bank of temporary mailboxes will be determined.
 - c. Utilities
 - i. Water
 - 1. 5 main adjustments - residents should expect temporary interruptions to service (typically several hours) with subsequent boil orders (typically 4-5 days).
 - 2. If lead or galvanized services are encountered during the project, they will require replacement
 - ii. No significant impacts to other utilities are anticipated
 - d. Emergency Services – Access will be maintained for all emergency services
 - e. Special Requirements – Please notify Andrew or Goshen Engineering of any special requirements such as access for disabled residents, medical deliveries, etc.
- 7. School Bus Access
 - a. Goshen Engineering has reached out to Goshen Schools administration and is awaiting response. Residents will be notified as soon as bus access is coordinated.
- 8. Right-of-way Restoration
 - a. Mailboxes
 - i. Will likely be maintained throughout project
 - ii. If necessary, they will be removed by contractor and provided to homeowner for storage and then replaced at the completion of the project
 - iii. Non-standard or decorative mailboxes are the responsibility of the homeowner and must be removed prior to the start of the project or will be removed by the contractor as necessary
 - b. Irrigation – It is the responsibility of the homeowner to remove any irrigation located in the right-of-way prior to the start of construction
 - c. Landscaping – It is the responsibility of the homeowner to remove any landscaping they wish to salvage prior to the start of construction. Landscaping beyond the standard seeding will not be restored at the completion of the project.
- 9. Meeting Follow-Up
 - a. Please pass information along information to neighbors
 - b. Additional mailings will provide information as needed
 - c. Questions can be directed to Andrew or Goshen Engineering at 574.534.2201
